

## **It's Perfectly Safe The Doctor Said**

Invisible poison mist Inside  
Floxin Nalidixic Acid in blood's twisting vines  
Floats inside calves, ankles, and toes  
Sprinkling droplets of burning pain's WOES  
From bones to brain  
Even the pituitary and all in-between.

Trapped body, nowhere to run  
In this hell I've been done  
Done Done  
For twenty five years  
Twenty- four seven  
A war I waged  
Often under-dosed pain meds  
Disbelieve in permanent pain  
I'm NOT a '51 Druggie Commie Red  
IT IS NOT IN MY HEAD.  
FQ molecule adducted to blood cells ... Healing PreventED  
Genotoxic cells crazy making chronic pain  
J & J med labels lied, made pills tidal flood acid rains.  
Hiding the worst out COMES

### **The labels Never said to STOP if a little inflamma-SHUN**

No exaggeration no exaggeration  
Pharma Board of Directors blind cold BUMS.  
Back room Deals with FDA  
Denied the human toll  
Many patients whose lives have paid.  
Painful lives, families broken, many suicides,  
Jobs lost, failed lawsuits 2 years in crisis statute of limitaSHUNS  
Untold people died, no support from criminal lawyer lies  
"Can't Take The TORTURE"  
Just "collateral" damage to bury and HIDE  
To Switzerland clean good bye, or a '38 a bloody fast Bye Bye.  
All hushed up, I had first hand reports no exaggerations.  
I still search for one Doc  
Who might be a part  
Reconstituting CDC DEA approved pain meds  
As a healing art.  
Hope for LIFE Ban the medical poisons.  
Why sin when pain begins? Are patients now the enemy?  
A nurse at NY Pain Relief Center: "I could kill you" Paul  
Cahan Oct. 2023

(FQ molecule is nalidixic acid, main component in all “FQ” TOXIC antibiotics first used against cancer re-profited as antibiotic.
